Identify challenges in **financial assistance** that are prohibiting you from properly serving Minnesota Family Investment Program (MFIP) families in your community.

Wadena County, being a small county with a lot of rural residents, transportation is a barrier for many, so getting to and from employment can and does create difficulties. Residents also struggle with finding daycares with openings and when they do it often does not meet the family size need, hours of the day or days of the week as we do not have evening or weekend daycare providers available.

Identify challenges in **employment services** that are prohibiting you from properly serving MFIP families in your community.

Key challenges impacting the ability to effectively serve MFIP families in our community include limited access to affordable childcare and transportation, barriers related to vehicle ownership or driving history, a shortage of affordable housing, and the ongoing impact of mental health and substance use concerns

Identify resources in your community that benefit MFIP families.

Several community resources play an important role in supporting MFIP families, including Public Health services, Someplace Safe (providing advocacy and support for individuals experiencing violence), LAPS (Local Area Partnership for Success), St. Ann's (offering family and housing support), Mahube-Otwa (delivering a range of community action programs), local food shelves, and Rising Phoenix (supporting individuals in recovery and personal development).

Identify resources that are **not available in your community** that would benefit MFIP families.

There are several resource gaps that impact the ability to fully support MFIP families in the community. These include limited access to mental health and chemical dependency treatment services, the absence of a local homeless shelter, a shortage of affordable housing, and an insufficient number of childcare providers—particularly those offering care during evenings and weekends.
